

# ON THE LINES

---

Friday, October 20, 2023 – 3 days on strike

**Here are updates from our THIRD day out!**

## **#1 – DETROIT IS STRIKE CITY!**

- Our fight to win fair contracts at the casinos is one of many strikes in the city.
- Last night over a thousand casino workers joined the Blue Cross Blue Shield workers, healthcare workers, and auto workers at the rally.
- We have the support of politicians across the city and state, and the whole labor movement.
- **DETROIT IS A UNION TOWN. WE WILL WIN.**

## **#2 – EVEN REPLACEMENT WORKERS ARE JOINING OUR FIGHT!**

- We have reports of the casinos trying to hire people to do our jobs. But instead of staying inside, some of them have come out to join our line, including a cocktail server, 2 servers, and a players club person.
- **OUR MOVEMENT IS BRINGING PEOPLE IN.**
- **WE HAVE THE POWER.**

## **#3 – WE ARE TAKING OUR WORK WITH CUSTOMERS TO THE NEXT LEVEL.**

- We will begin passing leaflets explaining our fight to customers and delivery people who approach the casinos.
- Look out for more information on that. If we keep having conversations and encouraging people to stand with us, our strike will have a bigger and bigger impact.

**ONE DAY LONGER! ONE DAY STRONGER!**
